

## Vendor presentations

- a) AMVAC
  - i) Dibrom and Trumpet labels submitted to EPA
    - (1) Changes
      - (a) Record keeping
      - (b) Droplet range
    - (2) Retreatment issues
    - (3) Hurricane stipulations
    - (4) Disease stipulations
  - ii) Testing a new valve on returnable drums
- b) Dynamic Aviation
  - i) Own 140 aircraft
    - (1) 10 outfitted for aerial application
    - (2) Twin-turbine Beechcraft King Air 90
    - (3) FAA dump exception
  - ii) Headquarters – Bridgewater VA
  - iii) 10,000-20,000 acres per hour per aircraft
  - iv) Partner with Clarke Mosquito Control
  - v) Use Flight Master system
- c) Valent BioScience
- d) Univar USA
  - i) Adulticides
    - (1) Natural & synthetic pyrethroids –
    - (2) ULV & thermal fogging
  - ii) Larvicides
    - (1) Bti (Valent)
    - (2) Altosid
  - iii) Equipment
    - (1) London Fog
    - (2) Curtis DynaFog
- e) B2E Biotech
  - i) New to mosquito control market
    - (1) 10 year project
    - (2) Shipping this April
  - ii) S-Methoprene
  - iii) Product name: Aquaprene
  - iv) 8 formulations, including pre-hatch formulations
  - v) Single brood and residual formulations
- f) Adapco
  - i) New backing
  - ii) Some reorganization occurring
- g) Summit Chemical
  - i) Complete line of pest control products
  - ii) Mosquito control
    - (1) Mosquito dunks
    - (2) Bti briquettes

- (3) Many others
- h) Williamsburg Air Service
  - i) Aerial application
  - ii) Both adulticiding and larviciding
- i) True North Mapping
  - i) Custom PDA field applications
  - ii) Optimizes record keeping
  - iii) Customized for specific need
- j) Clarke Mosquito Control
- k) Bayer Environmental Science
  - i) 30 years ago – AquaReslin
  - ii) Water-based products
  - iii) Will be introducing new technology in the next couple of years
  - iv) Work with Adapco
- l) Central Life Sciences (Wellmark Zoecon) - altosid
- m) B&G Chemicals & Equipment (bgchem.com)
  - i) New product – Universal Mobile Computing PDA
    - (1) Works with GIS & PC
    - (2) Customizable
  - ii) Various new control products
  - iii) Changes to equipment - ~200 models
  - iv) All-terrain vehicle (LandTamer)
